Walker's Reserve Trails

Access to the trail:

The trails are located in the Walker's Reserve subdivision, which is located off of Fisk Road and Little Pond Road. The trails can be accessed at three locations off of Thackeray Road, which is the main road through the subdivision, connecting Little Pond Road to Fisk Road.

The trail:

Hiking travel time: About 20 minutes.

Distance: 0.77 miles

<u> History:</u>

The trails were constructed as part of the Walker's Reserve cluster subdivision development, which was approved by the Planning Board in 2002. The trails cross through the open space behind the residential properties and are primarily pathways that connect to connect the streets within the development. The land abuts the Walker's State Forest to the east.
